

See How ComPaaS Helped This
Climate Change Solutions Company

SAVE THOUSANDS With Cloud Resource Optimization

CHALLENGES

- Offering multiple subscriptions plans to Customers.
- Managing multiple Cloud accounts across regions.
- Rightsizing of VM 's based on the utilization.

SOLUTION

Save Cloud Costs across Cloud Accounts, available in different regions.

BENEFITS

- Multiple subscriptions plans with different features set can be defined.
- Single dashboard to monitor your Cloud resources across regions with integrated advisories and actions.
- Analyze and automate VM actions with ComPaaS trend analysis.
